Dear Parents/Carers

## Re: Online Life Survey for Key Stage 2 Pupils

At Nursted Community Primary School, we are committed to providing a safe and supportive learning environment for our students. In our effort to continuously address online emerging challenges and concerns, we have decided to conduct an anonymous survey for Key Stage 2 (KS2) pupils regarding their online lives.

The purpose of this survey is to gain insight into the online experiences of our pupils, enabling us to better understand their digital activities, challenges, and concerns. By doing so, we aim to enhance our school's approach to online safety and support the well-being of our pupils in this digital age.

The survey will be administered through a short Google Form, which pupils will complete during school hours. The form will cover topics such as online activities, social media usage, and any challenges they may encounter while navigating the digital landscape. Please be assured that the survey is designed to be anonymous, age-appropriate and respects the privacy of each individual respondent.

In order to ensure the effectiveness of this initiative, we are inviting all KS2 pupils to participate in the survey. However, we respect the role of parents/guardians in overseeing their child's activities. If, for any reason, you do not want your child to participate in the survey, please contact the school office at [admin2@nursted.wilts.sch.uk](mailto:admin2@nursted.wilts.sch.uk) by Wednesday 27<sup>th</sup> November. Otherwise, your child will be included in the survey process.

We believe that your input is invaluable in shaping our understanding of the online experiences of our students. The information gathered will be used to implement targeted strategies that promote responsible digital citizenship and ensure a safer online environment for all pupils.

Thank you for your cooperation and ongoing support in our shared commitment to the well-being and safety of our students. If you have any questions or concerns regarding this survey, please do not hesitate to contact us.

Yours sincerely

Kay Vousden

Headteacher
